## Camp Policies

**Dress:** From its beginning West Branch has encouraged its guests to honor the Lord in appearance. Wholesome standards displaying modesty and distinction between the sexes are intended to be a help and blessing to you.

Boys No shorts. Since all campers are asked to be neat and clean for the services, sweatpants or full-length athletic pants will not be appropriate for services, but rather just for activities. Jeans are fine at any time.

Girls No shorts (see last line), pants, capris or gauchos. Skirts, dresses, and activity attire (culottes/athletic wear) must be knee-length and of proper fullness. Skirts or dresses are required in the mornings and evenings. This would include all services. Culottes of proper length and fullness should be worn only in the afternoons for sports and other activities. We accept knee-length, baggy athletic shorts as culottes.

**Cell Phones:** While campers may bring cell phones with them for use on the trip, they will be required to turn them in to their counselor for the duration of the camp week.

**Do Not Bring:** Radios, CD/MP3/DVD players, video games, skate boards, bikes, roller blades, large knives, or firearms. No smoking. No pets.

## Helpful Information to Know

**Please Bring:** Bible, notebook, pen, flashlight, bedding/sleeping bag (bunk beds), towels, washcloths, reusable water bottle, good shoes for activities, and other personal items. Bedding, towels and washcloths may be rented from West Branch (limited supply). Youth campers may bring their own softball glove if they wish to participate. You will need money for snacks, souvenirs, books, CDs, etc. Jackets or hoodies are helpful for cool evenings and mornings.

**Medical:** All camper medications must be turned in to the camp first aid station and will be dispensed by staff on a regular schedule. Information and instructions for taking medication should be sent on the registration card. Diabetics or others on special diets must bring their own foodstuffs if supplements beyond the regular meal are desired. A shared refrigerator and microwave are available for use under supervision for those with special dietary needs. Camper insurance will be primary coverage for any accident or illness incurred at camp.
